

Red Rose Appraisals

Email Signature Standard · Brand Asset · March 2026

01

Purpose & Scope

This document defines the standard email signature for Red Rose Appraisals. The signature is the brand's most frequently seen asset — every email is a touchpoint with clients, attorneys, lenders, and peers. Consistency is not optional.

The file `email_signature.html` in this repository is the single source of truth. Do not improvise alternate versions. All team members use the same layout; only the name, credentials, and direct contact number change per person.

02

Standard Signature

Below is the approved signature layout, rendered at exact brand spec:

Chandra Mast
CGA · BCA
Certified General Appraiser — PA, MD, VA
Business Certified Appraiser

Secretary, PA State Board of
Certified Real Estate Appraisers

Red Rose Appraisals
Certified Women's Owned Business

(717) 314-4635
chandra@redroseappraisals.com
redroseappraisals.com
148 Mason Drive, Ephrata, PA 17522

CERTIFIED GENERAL APPRAISER | PENNSYLVANIA · MARYLAND · VIRGINIA

Elements: 3px Rose Deep (#8B1A1A) top bar · Name in Rose Deep 15px Bold · Credentials in Lancaster Gold 8px · Titles in Slate · Vertical rule in Blush · Links in Rose Mid (#B22222) · Blush bottom bar with license states

03

Installation Instructions

Gmail	Settings (gear) → See all settings → General tab → Signature → Create new Name it "Red Rose Standard" → click the (source/HTML) icon if available, or paste directly into the rich-text editor. Save changes.
Outlook (desktop)	File → Options → Mail → Signatures → New → name it "Red Rose Standard" Switch to HTML view → paste the full HTML block → OK → set as default.
Outlook (web)	Settings (gear) → View all Outlook settings → Mail → Compose and reply → paste HTML into the signature box → Save.
Apple Mail	Mail → Preferences → Signatures → + new signature → uncheck "Always match my default message font" → paste HTML → close.

04

Usage Rules

DO	Use the standard signature on every external email without modification.
DO	Update the HTML file if phone/address changes — regenerate via brand_playbook.py.
DO	Keep the 3px Rose Deep top bar — it visually frames the signature.
DON'T	Change fonts, colors, or sizes. Helvetica/Arial only, no custom web fonts.
DON'T	Add social media icons, banners, or promotional images without brand approval.
DON'T	Use a plain-text fallback that omits the title block — credentials matter.
DON'T	Add legal disclaimers inline — attach a separate confidentiality footer if needed.

05

Customizing for Additional Team Members

To create a variant for another appraiser or staff member, change only the following five values in **email_signature.html**:

Full Name	Replace "Chandra Mast" — same font/color/size
Credentials	Replace "CGA · BCA" — keep Gold, 8px Bold, uppercase
License line	Update license states if different from PA · MD · VA
Phone	Replace (717) 314-4635 with direct line
Email address	Replace chandra@ with staff member's address

Never change layout structure, colors, spacing, or the company name block. The main website, address, and company phone always remain as shown.
